## Why Miller Brews

### "The Best" Milwaukee Beer

Because they purchase the best materials obtainable in the world's market.  
Because they employ the most capable and skilled masters in the art of brewing.  
Because their plant is fitted out with all the latest improvements and machinery known to the brewing world.  
Because their establishment is run on the same plan as to cleanliness as an operating room.  
Fifty years of experience.  
Because all of the above combined bring about a good healthy beer far superior to the bulk of beers sold in competition today.  
A beer that will positively do you good.  
Why not secure a sample and have your physician pass on the quality?  
We invite comparison, because we want you to know that

A. H. STEAMSHIPS.

The Chronicle of July 27 says: Since arriving from Honolulu nearly a week ago the American-Hawaiian freighter Nevada has lain in the stream, awaiting the arrival of the steamer Minnetonka from Seattle, which is to take the Nevada's cargo of 84,000 bags of sugar to New York. The Minnetonka arrived late Saturday, but it is reported that she is in need of repairs to her boilers, and there may be some delay in her departure for New York.

July 29: The big freighter Minnetonka, with freight from New York, is still at San Diego, and is the largest steamer that ever entered that port, having a length of nearly 450 feet. She will arrive here next Saturday, according to schedule, with most of the cargo of 7000 tons of freight, only a few hundred tons having been discharged at San Diego for that city and Los Angeles. In the Straits of Magellan the Minnetonka had a very trying experience, and consumed five days passing through from ocean to ocean. In a great storm in the straits two of her boats were smashed, one end of the bridge was badly damaged, and minor injuries received. The Minnetonka, like the Minnetonka, lately arriving here, is under charter to the American-Hawaiian Company, and will return to the Eastern coast. The American-Hawaiian's huge twin-screw steamer Arizonan left New York yesterday with 10,000 tons of freight for this coast, and will call at Port Los Angeles to discharge several thousand tons for Los Angeles and interior points.

#### KAUAI SHIPPING.

The steamer Ke Au Hou arrived from Kauai ports this morning at 6:15 o'clock with 975 bags rice and 30 packages sundries.

The following sugar is reported left at Kauai ports ready for shipment: V. K. 290; M. B. 11,892 bags.

Purser McNamara reports as follows: "The steamer Nihau was at Koloa discharging. She has five rollers on board from Anahola. The W. G. Hall was at Elele loading sugar. She had 2000 bags on board. The Koko Head was at Elele discharging coal. She had 1100 tons out. Heavy rain on Kauai."

#### CUSHING TO 'FRISCO.

Shipping Commissioner B. Griggs Holt has received a letter stating that the ship Mary L. Cushing, which on her way from Newcastle to this port sprung a leak and had to put into Auckland for repairs, has been ordered to proceed from that port for San Francisco direct.

#### JAPANESE MIX-UP.

A Japanese named Hikoiki Nakamura was arrested for gross cheat yesterday. He represented himself as his brother and in this way collected \$90 on a certificate belonging to his brother, who is absent.

Two other Japanese, called Hatsuoto Fukushima and Taunono Miyamoto were also arrested yesterday for a somewhat similar offense. A woman, Nishimura by name, who has now left the Territory, possessed herself of another woman's fire claim certificate and collected the money due on it, \$19.02. The two men who were arrested identified the woman before the fire claims committee.

The cases of the three men came up in the Police Court this morning. Fukushima and Nakamura are charged with gross cheat and Miyamoto with being an accessory before the fact of gross cheat. All three cases were continued until tomorrow.

#### KILLED BY FALL.

High Sheriff Brown this morning received from Sheriff Nahale of Kona the record of a coroner's inquest held on the death of a native called Kopa at the Kailua court house August 1. The deceased came to his death by falling off a wagon. He with some friends, all intoxicated, were driving from Kailua, mauka. The deceased in falling got his foot caught in a rope. He was hanging suspended from the wagon, one wheel of which kept striking him in the head. It took some time before the mules which drew the wagon could be stopped. The deceased was dead when picked up. His skull had been fractured. The jury returned the verdict that Kopa came to his death through his own negligence.

#### NOT ENGLISH, YOU KNOW.

The other morning a man who, from his dress and speech, had the appearance of being an Englishman, entered a Broad street cafe and, approaching the bar, asked for a "Half and half."

It seems the bartender was a young man, new to the business, but he did the best he knew how, and set out the drink. The customer smiled, looked critically at the beverage, tasted it, and then asked, "Where is the porter?" "Out washing the windows, sir," cheerfully responded the bartender.—Philadelphia Ledger.
